BLOCKBUSTER BIOLOGICS REVIEW ISSUE 22

***Inter Partes* Reviews (IPRs) and Litigations**

> **Quick statistics:**

- > The current institution rate for IPR challenges to patents that claim biologics is 34% (excludes IPRs that have settled or otherwise been terminated).
- > Of those IPRs that have been instituted and gone to final written decision (FWD), 50% have resulted in the challenged claims being held unpatentable, with 60% having mixed results.
